No, I don't think so and I thought the original ask came to Calvin but I am probably not remembering correctly. I will check in with Calvin, but I think as long as we are addressing the inquiry and we have made contact with him so he knows we are looking into it, I think we are good.

Since the request from (b) (6) went to the RA, I'm assuming we will be needing to provide a formal letter response using CMS. Correct?
